

RAVINDU RATHNAGALA

OBJECTIVE

Hard Working Undergraduate student perusing a B. Sc. (Hons) in Computer Science and software engineering. With a strong work ethic, I am committed to excellence and eager to contribute leadership and teamwork skills to a work-friendly environment. My goal is to harness my education and passion to become a successful software engineer in the ever-evolving tech industry.

EDUCATION

- B.Sc. (Hons) Computer Science & Software Engineering (Reading) SLIIT Academy (University of Bedfordshire) 2022-2025
- Higher National Diploma in Information Technology SLIIT Academy 2023
- G.C.E. Advanced Level 2020 (Science Stream)
- G.C.E. Ordinary Level 2016

SKILLS

- Java
- JavaScript
- HTML
- CSS
- C++
- C
- MySQL
- Spring Boot
- Software Development
- Object Oriented Programming
- Data Structures and Algorithms

EXTRA CURRICULAR ACTIVITIES

- Secretary of Astronomical Association of Sri Chandananda Buddhist college (2017-2019)
- Super Senior Prefect of Sri Chandananda Buddhist college (2018-2019)
- Senior Prefect of Sri Chandananda Buddhist college (2017)
- Junior Prefect of Sri Chandananda Buddhist college (2014-2016)
- Chief Organizer of Science Society of Sri Chandananda Buddhist college (2018-2019)

PROJECTS

- Developed a comprehensive Restaurant Management System integrating Java for backend functionality and MySQL for database management. This project streamlined order processing, inventory management, and customer interactions, showcasing my proficiency in full-stack development.
 - <https://github.com/RavinduLaksahan/UEats-Restaurant-.git>
- Implemented a robust Hospital Management System with Java and MySQL, ensuring efficient patient data management, appointment scheduling, and medical record tracking. This project reflects my ability to create sophisticated systems to address complex organizational needs in the healthcare sector.
 - <https://github.com/RavinduLaksahan/MedManageHMS.git>
- Created a dynamic Event Management System using cutting-edge technologies like React, Spring Boot, and MySQL. The integration of Tailwind CSS enhanced the user interface, demonstrating my skills in front-end development and system integration for seamless event planning and coordination.
 - <https://github.com/RavinduLaksahan/EventsLK.git>
- Developed an engaging Movie Web Application utilizing HTML, JavaScript with jQuery, and Bootstrap for a responsive design. Integrated JSON for efficient data handling, showcasing my creativity and proficiency in front-end technologies, delivering an intuitive user experience for movie enthusiasts.
 - <https://github.com/RavinduLaksahan/MovieHub.git>
